11 – 16 Mixed Comprehensive NOR 1,500 (across 2 campuses)
Head Teacher: Krista Dawkins

Reflection Room Support Assistant

Grade C: £14,105- £14,697 (depending on experience)

4 days per week: 8.15am-3pm (The successful candidate would be required to work on a Monday each week but other working days can be flexible). Term time only

We are looking to appoint an aspirational member of staff who has high expectations and standards for students and who is committed to achieving positive outcomes for students. The ideal candidate will have an interest in supporting students who may display challenging behaviour. You must be able to work collaboratively and may be required to travel between campuses. This role will require you to work with students 1:1 or in small groups, to deliver academic and emotional support sessions. The ideal candidate may be required to oversee the room on their own or in a team of two adults.

The Reflection Room opened in September 2024 as an alternative to suspension and internal isolation. It is designed to be a safe and supportive space where students can reflect on their behaviour and make positive choices in the future. Students who access the Reflection Room are referred by senior staff following an incident in school or returning from suspension. This space is a quiet space where students complete work independently or with support from staff in the rooms. Students can be placed in the Reflection Room for multiple days but the vast majority are in the room for one day. The rooms are fully resourced with textbooks and laptops for students to use to access work set by their class teachers. The ideal candidate should be able to support students in the room and also deliver reflection sessions.

The role of Reflection Room Support Assistant is an exciting opportunity for someone to work alongside the Reflection Room team. The Reflection Room manager has overall responsibility for both rooms and is a qualified teacher. Their vision for the Reflection Room is to restore behaviour within the classrooms and support students to make positive choices after a period of time in the Reflection Room. The overall aim is to break the cycle of behaviour to support students to access full time education in the classroom. The Reflection Room Manager is supported by two Assistant Managers who are campus specific. The role of a Reflection Room Support Assistant would be to support the team already in place and ensure that 1:1 work with students is able to take place. Ideally the rooms are always staffed by two adults but there may be some occasions where the ideal candidate must be comfortable having oversight over the room on their own.

Main responsibilities:

- To undertake CPD in therapeutic interventions or strategies to support students with challenging behaviour.
- To provide support to students who are placed in the Reflection Room and oversee their daily provision.

- To communicate key messages and principles linked to whole school behaviour policies and procedures.
- To deliver 1:1 and small group lessons with students who are placed in the Reflection Room.
- To monitor students and report any safeguarding or wellbeing concerns.
- To hold students accountable for their progress in the Reflection Room and maintain high standards for their work.
- To communicate with parents and relevant stakeholders.
- To uphold British Values.
- To work collaboratively with senior staff and the Reflection Room Leader.
